You have questions... We have answers!

VIDEOS ON LEARN360: SPRING, “...IN SCIENCE” SERIES

**Spring**

**Spring Safety**

*Time: 10 mins.*  
*Grades: JK-6*

Spring is a time of melting ice, changing weather and spring cleaning. Host Maggie discusses staying off lakes and ponds, storm and general weather safety, playground safety and spring cleaning safety.

**Spring**

*Time: 12 mins.*  
*Grades: JK-6*

This video explores the features of spring, focusing on the unique habits of plants, animals, and people during this season. Additional concepts and terminology: season, sunlight, warmth, hibernation, migration, revolution, axis, and equinox.

“...In Science” Series

**Language in Science**

*Time: 12 mins.*  
*Grades: 3-5*

The meaningful use of language and vocabulary are some of the fundamentals of science. This program explores strategies and methods of understanding scientific language.

**Measuring in Science**

*Time: 19 mins.*  
*Grades: 3-5*

This program demonstrates many of the different ways measurement occurs in science including measuring length, mass, volume, and temperature, with special emphasis on the metric system.

Others titles in this series:

What is Science, Listening and Speaking, Reading, Safety, Using Tools, Writing
